Increasing brand awareness by attracting wide audience

SAVE MORE! It costs less than traditional TV advertising and even less than many publications charge

Quick adjustments to the advertisement campaign at any time

<sup>\*</sup> There are two Kartina.TV packages with a different set of channels available: Kartina.TV Premium & Kartina.TV Basic.

TV banner is one of the most effective types of advertising we offer. It appears on the TV screen at regular intervals throughout the show period. The well-presented flow of information and the frequency of appearance increase the memorability of its content. There are two types of the TV banners: the static TV banner and the animated one.

Banner is displayed on the TV screen for 10 seconds which allows the viewer to pick all the important information regarding your offer
